Cuba Accuses the C.I.A.
HAVANA, May 31, (UPI) -
The Cuban Government charged
today that six men whose "pi-
rate launch" was sunk offshore
late Sunday had been sent to
Cuba by the United States Cen-
tral Intelligence agency to kill
Premier Castro.

Four of the six-man crew
were killed and the two others
captured in the incident, the
Government statement said.

The statement identified the
skipper of the launch as An-
tonio de la Cueta Valle and
alleged that he was a "C.I.A.
agent." The launch left from
Tomy Roof, in Marathon Key,
Fla., the Government said.
